

Sodium hypochlorite 48° - 5 l (BE-REG-01622 - This product is a biocide for restricted use) (Batch: 2120920241100)

GENERAL

Highly concentrated active chlorine

- Belgian approval number: BE-REG-01622 (restricted use)
- This product is not suitable for sale and use in the Netherlands

pH 13.5
Cleaning Power Super powerful

USAGE

Use biocidal products with caution. Read the label and the information relating to the product before use.

1) Disinfection of surfaces in the public health and food sector (toilet bowls, surfaces in the soft drinks industry, breweries and milk industry): the surfaces must be cleaned before treatment. Dosage: bactericidal at 0.27% (411 ppm active chlorine) contact time 5 minutes. Fungicide at 0.54% (819 ppm active chlorine) contact time 5 minutes. If the surfaces come into contact with food after treatment, rinse thoroughly with drinking water.

2) Drinking water disinfection: dosage of the product such that the concentration of residual chlorine in the water is between 1-10 mg / l

3) Disinfection of swimming pools: dosage of the product such that the concentration of residual chlorine in the water is between 1-3 ppm

4) Applications according to immersion and CIP (cooling water systems and other process water, wastewater, cleaning of flowers, cleaning and disinfection of material and pipes for drinking water and the soft drink industry, breweries and the milk industry).

The materials must be cleaned before treatment.

o Bactericide at 0.05% contact time of 5 minutes

o Fungicide at 0.24%, contact time of 15 minutes

o Fungicide at 1.20%, contact time of 5 minutes

If the materials are not pre-cleaned, the product has a bactericidal effect at a conc of 1 ppm residual active chlorine at 10 minutes and in slightly contaminated conditions.

Hazard statements:

EUH031: Contact with acids liberates toxic gas.

EUH206: Warning! Do not use together with other products. May release dangerous gases (chlorine).

H290 Met. Corr. 1: May be corrosive to metals.

H314 Skin Corr. 1B: Causes severe skin burns and eye damage.

H410: Very toxic to aquatic life with long lasting effects.

Only use this product for its specified purposes. If in doubt, first test the product in an inconspicuous area. BOMA is not responsible for any damages if the

product is used incorrectly. Consult the Safety Data Sheet (SDS) for additional information.
