

Product Information

Stokoderm® Advanced

Advanced pre-work cream to help protect against contact with water and non-water based contaminants.

Description

Multi-purpose pre-work cream for use against an extensive range of workplace substances. Stokoderm® Advanced contains special emulsifiers that act to reduce the ability of water-insoluble substances that cling to the skin, making it easier to clean skin that has been exposed to heavy-duty or very stubborn soils. When used regularly, Stokoderm® Advanced can substantially reduce the amount of strong hand cleanser needed to remove stubborn ingrained dirt.

Area of Application

Pre-work cream when working with oil-based and water-based working materials. Stokoderm® Advanced is versatile and suitable for most workplaces. Heavy-duty soils are easily washed off after use making strong cleansers less necessary.

Product Description

White, silicone-free cream with fragrance. Emulsions type oil-in-water (o/w).

Instructions for Use

Apply to clean and dry skin used before starting work, after washing hands and after any lengthy breaks.

Rub small product amount on the areas of skin at risk, including between the fingers and on the fingernails.

To achieve the best results, the dirt should first of all be loosened using just a little water prior to actual cleaning, the skin should then be thoroughly rinsed under running water.

NB: Using pre-work creams does not release you from your duty to take the prescribed protective measures.

Stokoderm® Advanced is not suitable for facial use or for the use under gloves.

Features	Benefits
Skin barrier supportive effect based on combination of waxes, hydrocolloid and special emulsifiers	Very good efficacy with wide range of applications
Contains special soil-suspending emulsifiers	Helps to stop stubborn types of dirt from clinging to your skin Skin can be cleaned quickly and easily Reduces the amount of skin cleanser required and may eliminate need for specialized cleanser
With natural film forming polymer	Supports the skin's natural barrier
Silicone-free	No adverse effects when coating surfaces
Contains superior quality ingredients Dermatologically tested	Good skin compatibility Minimizes the risk of dry skin
